Fox Business: Is a meat recession coming?

Walter Kunisch

Walter Kunisch, senior commodities strategist at HTS Commodities, recently spoke with FOX Business about reduced U.S. beef cattle supplies and the effect it is having on beef prices. "We believe that an acute and protracted drought in the southwest U.S. is responsible for increased culling of beef cattle which is leaving the U.S. structurally short beef cattle and beef supplies," Kunisch said. The article was also published by the New York Post.
